Pimp up your baby or toddlers clothes with a beautiful badge. The badge is designed by the Swedish brand Rockefella.

### Rockefella

Rockefella makes clothes for the small kids of today, with a sense of yesterday. Rockefella is a Swedish denim brand for kids. The clothes have a grown up look but with the comfort and details to fit the kids. The right details are important for Rockefella and their clothes give your child a cool and authentic look. Rockefella find their inspiration in the old style American Rockabilly culture with its rebellious lifestyle. The youth culture started in the fifties and that is also where the denim culture of today was born. The Rockefella clothes fit a small baby just as well as an active toddler who wants to wear clothes with attitude and original feeling. What also is great about Rockefella is that the largest part of their collection is produced in Europe and their suppliers have Oeko-tex standard 100.
